RESEARCH FOCUS

- Independent Study & Mentorship (ISM) research investigating the extent to which MLB-level sabermetric strategies apply to high school baseball, integrating quantitative analysis with game context and narrative.

EDUCATION

Liberty High School, Frisco, TX — Class of 2028

- ISM I (Independent Study & Mentorship), 2026–2027
- GPA: 5.29 Weighted (5.0 scale) / 3.97 Unweighted (4.0 scale)
- Relevant Coursework: AP Statistics, AP Calculus AB/BC, AP Physics 1, AP Psychology, Calculus III, Sabermetrics 101 — scored 5 on all AP exams taken
- Academic Honors: AIME Qualifier (AMC Score: 123); BMT/HMMT/Purple Comet Math Meet Top-5 Team Finish; Math UIL Region Qualifier

EXPERIENCE & PROJECTS

ISM I Research — Baseball Analytics, 2026–Present

- Conducts Independent Study & Mentorship research on the extent to which MLB-level sabermetric strategies apply to high school baseball, prompted by the school team's playoff miss despite ranking 2nd–3rd in district ERA
- Develops a predictive model analyzing high school umpire strike-call tendencies to project ball/strike outcomes in upcoming games
- Applies physics-based modeling — exit velocity, launch angle, and home run trajectory — to quantify performance beyond traditional box-score statistics

Intern — Diegobaseball

- Contributes to baseball analytics and sabermetrics projects as an intern with Diegobaseball, a sabermetrics- and baseball-focused organization

Bilingual Baseball Analytics Content — Instagram, Ongoing

- Produces bilingual (English/Korean) baseball analytics content, translating and adapting sabermetrics concepts such as home-field advantage for cross-cultural audiences

SKILLS

- Technical: Python (data analysis & statistical modeling), Claude Code (AI-assisted development)
- Certifications: SABR Sabermetrics Certification; Claude Certified Architect – Foundations (CCAR-F)
- Languages: Korean – Native; English – Fluent

LEADERSHIP & EXTRACURRICULARS

Math UIL Team Captain — Number Sense, General Mathematics, Calculator Applications

- Captains team across three competition events
- Led team to Regional qualification

Varsity Baseball, 2026–Present

- Plays for the school's Varsity Baseball team, bringing firsthand player experience to ISM sabermetrics research
